THE FARMERS' ROUTE

The event will take place in Luxembourg from May 20th to 23rd 2019.

It will promote a truly farmers driven approach in **attaining the SDGs**, building on the best practices and experiences that farmers are already implementing and exploiting this era of interconnection and knowledge sharing, so to magnify the impact of sustainable practices.

The **FARMERS' ROUTE** has been set and we are navigating towards a more sustainable future for all.

NETWORKING

Networking events, reception dinners, and of course **bilateral meetings** bring participants together to exchange ideas, and learn about each other.

The General Assembly provides the real social and professional setting to meet relevant stakeholders of the agricultural sector and establish partnerships.
