Agri SA's tips for safe workplaces during COVID-19

Protect others from getting sick.
When coughing and sneezing cover mouth and nose with flexed elbow or tissue.

- Throw tissue into closed bin immediately after use.

- Clean hands with alcohol-based hand rub or soap and water after coughing or sneezing and when caring for the sick.

- Avoid close contact when you are experiencing cough or fever.

- Avoid spitting in public.

- If you have a fever, cough or difficulty breathing seek medical care early and share previous travel history with your health care provider.

Protect yourself and others from getting sick.

WASH YOUR HANDS
- after coughing or sneezing
- when caring for the sick
- before, during and after you prepare food
- before eating
- after toilet use
- when hands are visibly dirty
- after handling animals or animal waste

- Wash your hands with soap and running water when hands are visibly dirty.

- If your hands are not visibly dirty, frequently clean them by using alcohol-based hand rub or soap and water.
