

WORLD FARMERS' ORGANISATION GENERAL ASSEMBLY 2022

Budapest, 7-10 June 2022

DEAR COLLEAGUES,

We are proud to announce that, after two years of forced distance and digital meetings provoked by the COVID-19 outbreak, the [WFO General Assembly](#) can finally be held in person again.

Being **WFO** the **Biggest Independent Global Farmers' Voice**, its annual General Assembly represents **the most important gathering for the worldwide farmers' community**.

This year the event will be hosted in collaboration with the [Hungarian Chamber of Agriculture, NAK](#).

It will take place in **Budapest, Hungary**, from **Tuesday 7 to Friday 10 of June at The Crowne Plaza Budapest Hotel**.

The WFO General Assembly annually convenes **over 400 participants worldwide**, including **high-level representatives of international organisations, governments, private sector entities and civil society**.

It is **a unique occasion** to listen to and talk with farmers' representatives and other agricultural sector stakeholders from all corners of the world to share experiences, ideas, constraints and needs.

The **#WFOGA2022** will offer the stage to discuss the impacts of the current crisis, exacerbated by the ongoing conflict in Ukraine, the challenges that lie ahead and new trends on the global scene for **Agriculture** and the broader **Food Systems**, placing a spotlight on solutions put in place by farmers and key stakeholders involved in the transition.

Food and Agriculture have stood out to be central pieces of ongoing crisis responses, with farmers being crucial actors in tackling present and future challenges, particularly concerning the sustainable transformation of Food Systems and the achievement of the 17 Sustainable Development Goals.

DON'T MISS THE OPPORTUNITY TO EXPERIENCE THE FUTURE OF FARMING!
